

Acrylic & Plastic Separator

Ideal for use by the prosthetic, orthodontic, and crown & bridge laboratory.

Provides the cleanest, easiest separation of dental acrylics from plaster and other gypsums available to our industry.

\$39.95/16 oz

Works better than any other acrylic separator available!

Product Features:

- Prevents stone from sticking to the palate and between the teeth which would require additional labor to remove by hand.
- APS leaves no residual film to take up space.
- Restorations exhibit smoother and cleaner surfaces.
- Does not cloud surfaces of clear or translucent resins.
- One separator for all resin and gypsum applications.

MOLLOPLAST B

- 170 gm. jar
- Soft reline material

\$259.00

PRIMO
\$39.95

- Increases & ensures the bonding of Molloplast to the denture base.
- Suitable in case of repeated repairs, extensions & relinings of acrylics.

Tray Aways® Disposable Impression Trays

\$14.95
Pkg of 12

Tray Aways® are the disposable impression trays of choice suited for use with alginate or other types of impression materials where detailed reproduction and dimensionally-stable results are vital. Made from rigid, high-impact styrene, Tray Aways® assist in generating a consistent, unsurpassed impression free of distortion or bite through. Smooth, rounded edges, interior retention slots, and vertical perforation enhance material retention. The best value on the market.

D-BUR DIAMOND HOLLOW BUR

\$39.95 ea

A hollowed & perforated chalice design diamond bur used for easy removal of soft liners & paste like materials that's commonly used to take denture impressions. Its hollow design helps reduce clogging & eliminates messy removal of materials. It also reduces burning & melting when used in slower speed. Excellent used for acrylic & other soft materials.

Max. Speed: 15,000 ~25,000 rpm

Precise™ Pressure Indicator Paste

\$44.95 \$144.00
3 oz. 12 oz.

A specially formulated denture pressure indicator paste that is user friendly. It brushes on smooth and effortless, locates exactly the slightest pressure area that causes displacement or discomfort, and quickly wipes off clean with a facial tissue.

SCOTCHBRITE POLISHING BRUSHES
